Re: Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly Parts Matrix which includes the Highest Priority parts situation along with the ordering process. As a reminder, the Parts Matrix is updated weekly. It is important to monitor our daily DCS messages as things may change during the week.

**As a reminder, regarding Thermostat Part Number 11 53 8 635 689, this part number remains on a daily maximum ordering quantity of 10 per day. We recommend ordering up to 10 per day only if you need them. Any orders placed over 10 pcs per day will be cancelled. During the daily manual allocation process, the part will be blocked from normal ordering at the following estimated times depending on volume: 10:00 am to 12:00 pm EST and again at 4:00 pm to 5:00 pm EST.**

**Our high completion rates for these two SIB's has left part number 11 53 8 657 054 in short supply. We have shipped over 100% of the needed thermostats to complete both SIB's and still have over 1,300 out in Dealer inventory. SIB's 11 10 15 (93% completed) and 11 11 15 (87% completed). These parts should not be sold or used for any other repair. We have Dealers trying to order over 20 per day. Please only ordered for scheduled appointments and a maximum of 5 per day.**

Changes to this week's Parts Matrix are as follows:

Passenger's Front Airbag Module 17V-020 expansion of 16V-364 - Please read comments below.

Fuel Pump Ordering:

A very limited amount of parts started to arrive for this recall. Sufficient supply will not be available for a couple months. This recall will start with only 5% of the needed part. Please monitor next week's Matrix for parts ordering information.

Air Bag Ordering:

**We will no longer be pushing weekly orders for your vehicles in POIS.** If you have a vehicle waiting to be delivered to a customer and recall 16V-071 shows as open, you may enter an IDS ticket order for review. Please include the customer's name in the ticket for audit purposes. Do not enter an IDS ticket for every car you have in POIS. This is only for vehicles where a customer sale is pending. It's important that the Pre-Owned Inventory System (POIS) accurately reflects your current inventory.

1. **Driver Air Bag 15V-318 (SIB 65 11 15):**
  - a. Parts are in Fair Share Allocation (FSA). Please remember to check the weekly allotment to help schedule your appointments. The quantities might change from week to week.
2. **Driver Air Bag 16V-071:**
  - a. **Please check the Vehicle Comments and if they indicate "Remedy is available" then order as needed via IDS ticket.**
  - b. Our parts distribution strategy follows the NHSTA requirements to prioritize parts for

vehicles in the High Absolute Humidity (HAH) states and for oldest model years first. Additional letters will be mailed this week to customers, matching the parts availability.

- c. The new part numbers listed on EPC for accident cars and regular service repairs are active for ordering. These parts are open for normal ordering, please do not send an IDS ticket for an accident car.
- d. The Interim parts on your shelf listed in the SIB's were the older parts from EPC.

3. **Passenger 17V-020**

- a. **If you have a vehicle waiting to be delivered to a customer and recall 17V-020 shows as open, you may enter an IDS ticket order for review. Please include the customer's name in the ticket for audit purposes.**

<u>Vehicles</u>	<u>Interim</u>	<u>Updated SIB</u>
E83	32 30 6 884 326 32 30 6 884 327	32 30 6 884 311 32 30 6 884 312
E8x and E90x	32 30 6 884 328 32 30 6 884 329	32 30 6 884 313 32 30 6 884 314
E7x Inflater	32 30 6 884 812	32 30 6 884 813

**Please continue to monitor our DCS messages and the weekly Matrix (attached) for parts ordering updates.**

Thank you,  
Parts Logistics

Re: MINI Parts Matrix

Dear Parts and Service Managers,

Attached is the weekly MINI Parts Matrix which includes the Highest Priority parts situation along with availability forecast and ordering process. Feel free to print the attachment and share with anyone at your dealer who finds this information useful.

**As a reminder, regarding Thermostat Part Number 11 53 8 674 895, this part number remains on a daily maximum ordering quantity of 5 per day. We recommend ordering up to 5 per day only if you need them. Any orders placed over 5 pcs per day will be cancelled. During the daily manual allocation process, the part will be blocked from normal ordering at the following estimated times depending on volume: 10:00 am to 12:00 pm EST and again at 4:00 pm to 5:00 pm EST.**

Weekly updates will be provided going forward.

Thank you,  
Parts Logistics
